

Returning to Citizens After an Assumption

Overview

Depopulation offers and Citizens eligibility is based on estimated renewal premiums at the time of the offer. In some instances, the actual premium when the offer becomes effective may be more than originally estimated.

Upon expiration of the Citizens policy, if the policyholder was initially deemed ineligible for Citizens but then receives a renewal premium that is now more than 20% greater than Citizens, they may be eligible to be rewritten as new business back into Citizens.

Agents and LCRs

Document Exception for Returning Policies

If the customer is eligible to return to Citizens, agents can submit a [Personal Lines: Document Exception Form](#) for new inspections to waive the requirement for 4-Point Inspections, photographs and Roof Condition documentation.

Additionally, agents can submit an older *Uniform Mitigation Verification Inspection Form* so the policyholder does not incur the expense of a new inspection.

This exception will only be allowed for new policies effective on the expiration date of the assumed policy or up to 45-days post expiration date of the assumed policy. The following criteria must be met:

- The new policy effective date must be equal to or no more than 45 days after the assumed policy expiration date.
 - The new and assumed policy forms must match.
 - The policyholder on the new and assumed policies must match.
-

Underwriting Requirements

The risk must meet all of Citizens' underwriting requirements. To return to Citizens after an assumption, you will need to include all the following with your new-business submission:

1. The assuming carrier's current offer
2. Citizens Quick Quote comparable to the assuming carrier's renewal offer
3. A screenshot of the comparative rater or at least one quote from carrier portal based on the Citizens Replacement Cost Estimator showing offer(s) are more than 20% or no offers are available
4. Proof of flood coverage, if applicable
5. Proof of Primary Residency, if applicable
6. Proof of roof replacement, if applicable, in order to bind the submission

Note: Refer to the [New Business Eligibility Guide](#) for more information.

Submission

There are a few fields that require special attention. To create a new-business submission for a returning policy:

Step	Action
1	<p>Access the existing customer account, then select New Submission.</p> 
2	<p>Select Quick Quote, enter the requested effective date, then select Personal Residential.</p>  <p><i>Note: The effective date cannot be before the current Citizens policy's effective date, or more than 45 days after expiration.</i></p>

Personal Lines Document Exception Form

Accessing the Personal Lines Document Exception Form

The *Personal Lines Document Exception* form is located on the Citizens Agent portal. Login to the Citizens website, then go to **Training>Personal Job Aids>New Business**.

Personal Lines: Document Exception Form

(This program and form applies to 2023 depopulated policies and later.)

Risks returning to Citizens after an assumption due to the takeout company's renewal offer being higher than estimated and placing the rate more than 20% higher than Citizens are eligible for a document exception process for new inspections only.

Directions:

- Please indicate the assumed Citizens policy number where the waived inspections and/or photographs can be located:
- Upload and link this completed form in the *Required Document* section in PolicyCenter® when declaring an exemption for the document requirement as outlined below.
- Indicate which document(s) you are waiving (either because you do not have access to it or because one was not required on the prior policy):
 - Photographs
 - 4-point inspection
 - Roof condition documentation*

*This will not satisfy the requirement to prove roof replacement; if proving that the roof was replaced, the roof permit or roof replacement documentation will be required.
 - Current Uniform Mitigation Verification Inspection Form (OIR-B1-1802)

To apply mitigation inspection credits to a policy, you will need to have an OIR-B1-1802, this form allows you to use an older inspection if needed, so that the policyholder does not need to order a new inspection.
- External Inspections: Enter Waive when PolicyCenter prompts you on the *Dwelling Construction* screen for each of the following:
 - Company name
 - First name
 - Last name
 - License number

Use today's date for the inspection date.
- Indicate which company assumed the policy from Citizens. You will be required to provide their renewal offer as proof of compliance with the 20% rule:

<input type="checkbox"/> Monarch National	<input type="checkbox"/> VYRD
<input type="checkbox"/> Loggerhead	<input type="checkbox"/> American Traditions
<input type="checkbox"/> Slide	<input type="checkbox"/> Orange Insurance
<input type="checkbox"/> Florida Peninsula	<input type="checkbox"/> TypTap
<input type="checkbox"/> SafePoint	<input type="checkbox"/> Homeowners Choice
<input type="checkbox"/> Southern Oak	<input type="checkbox"/> Other: <input type="text"/>
<input type="checkbox"/> Edison	

Notes:

- **This exception will only be allowed for new policies effective on the expiration date of the assumed policy or up to 45 days following the expiration date of the assumed policy.**
- E-signatures are acceptable for inspection documents.
- Citizens reserves the right to require any documents to issue a new-business policy.
- Risk may not be eligible to return to Citizens based on Underwriting requirements. Agents must qualify that the risk meets all underwriting guidelines.
- Underwriting retains the right to reject documentation that does not reasonably support the representations made in the application.
- If the insured is requesting sinkhole loss coverage for the first time, all underwriting requirements related to the acquisition of sinkhole loss coverage will still be required, including a recent 4-point inspection.
- All flood requirements are still applicable.
- For more information about required documentation, see the *Required Document Guides*. (Log in to the Agents website and select **Training > Personal Job Aids**, and the policy-specific guides are in the right-hand column.)
